James Rowe of Gulf Asphalt was present to discuss the Wrennie Moody Road. Mr. Rowe stated the road was built to plan grade. Chairman Bowman and Commissioner Cox stated there were several rough areas in the road and that Mr. Rowe had agreed to satisfy the Board on the condition of the road. Chairman Bowman asked Mr. Rowe if he would go and look at the road with Commissioner Cox and see if they could iron out the problem. Billy Pay Atkins stated he thought the rough spots should be overlaid. Mr. Rowe agreed to look at the road with Commissioner Cox and the county engineer, and see if he was in agreement that the rough spots should be overlaid.

Commissioner Cox, Billy Pat Atkins, Mr. Rowe and Fernwood Bailey, Road Superintendent, left the meeting to view the road and see if an agreement could be reached.

Mr. Zeissler and Dick Pope were present at the Board meeting to discuss the HUD Program. The Board explained the HUD Grant for this year is almost spent and they have not received the new HUD Grant yet. Due to the state taking over the Grant, it will probably be 30 days or so before the new grant is in.

Gene Lampkin was present at the meeting. The Board asked Mr. Lampkin if they continued his contract if he would be agreeable for his contract to be changed to read "pick-up service for dumpsters would be Monday or Tuesday and Thursday or Friday of each week for 52 weeks per year", and that he would furnish insurance and agree to the terms as they were in the contract relating to the length of the contract.

Mr. Lampkin agreed for Attorney House to draw up an amendment to the contract including the above modifications, and after review by his attorney would report to Attorney House his decision.

A motion was made by Commissioner Peacock, seconded by Commissioner Whitfield and duly carried to authorize the county attorney to draw up an ordinance prohibiting the abuse of dumpsters.

Logan Barbee, County Agent, asked the Board if they could assist the County Extension Office with money for a maintenance contract for their computer. The Board agreed to amend the budget of the County Extension Office by \$320.00 to cover the maintenance contract.

Commissioner Cox reported to the Board that Mr. Rowe with Gulf Asphalt had stated, after viewing the Wrennie Moody Road, that if Robert Nations would mark the bad spots on said road he would overlay them and would fix the intersection.

Fernwood Bailey made a report on the road department. He asked the Board's permission to buy culverts if there was any excess money in his budget. The Board agreed for him to purchase the culverts if there was money available.

Chairman Bowman made a report on the old courthouse. The Board agreed for Attorney David House to research all areas for the possible sale of the courthouse and report back to the Board with his findings.

Chairman Bowman reported Jimmy Flowers will begin the work on the beautification grant for the S. B. Atkins Park on Wednesday, September 21, 1983.
