

CALHOUN COUNTY BOARD OF COMMISSIONERS
PUBLIC HEARING
JUNE 17, 1999

PRESENT AND ACTING:

EARL HUNT
FRED ATTAWAY
DUANE CAPPS
S. DONNELL WHITFIELD
TRUMAN GRANT

The Public Hearing was call to order by Chairman Capps.

Ms. Deborah Roumelis, Grant Consultant, and Don A. (Sonny) O'Bryan Emergency Management/Grants Coordinator led a discussion concerning roads that had been considered for CDBG funded paving and drainage work. Roumelis had surveyed all the roads requested by the Commissioners, with the exception of Matthew Wood Road, which Sonny's staff had partially surveyed on June 16, 1999. They presented the results of the survey for each road, including the low income, number of eligible households, and comments from the owners.

Comments were invited from the audience, but there were none.

Deborah Roumelis presented information regarding fair housing issues. She stated that there are federal, state and local laws against housing discrimination, and that there are state and federal toll free telephone numbers to call to report discrimination. She also provided materials describing fair housing laws, how to recognize discrimination, and how to report it.

There being no further business the Public Hearing was closed.
